Proceedings of the Madras Government, Public Works Department, *8th September* 1869.

No. 229. Read the following letter from the Resident in Lravancore and Cochin, to the Chief Secretary to Government, Fort Saint George, dated Courtallum, 21st August 1869, No. 70 :—

I HAVE the honour to request that copies of the principal reports on the great Perryaur Project, *viz.*, the construction of an embankment to store water in the Perryaur, and turn a supply of water into the Vigay river in Madura District, may be sent to me if available.

2. The papers do not seem to have been received in the Resident's office, but Travancore rights of considerable importance will be affected by the scheme if it is carried out.

3. I hope to visit the country about that portion of the Perryaur in the course of a few weeks, to inspect a trace for a cart road that it is proposed to carry on from the head of the Permed Ghaut across the hills to the head of the Cumbum valley; and I beg I may be informed if it is proposed by the Madras Government to construct a ghaut at or near the head of the Cumbum valley that will probably fall in with the fine line proposed by the Travancore Sirkar.

REFERRED to the Department Public Works with a request that the reports required by the Resident at Travancore may be sent to that Officer with the information asked for in paragraph 3 of the letter above recorded.

(Signed) R. S. ELLIS,
Chief Secretary.
